HAL LONGLEY, Sale Manager, 37 Island Avenue, Aurora, Illinois

A group of richly colored calves bred in the herd of Lu Green, Jr. This complete dispersion will release to the public all of the members of this famous herd.

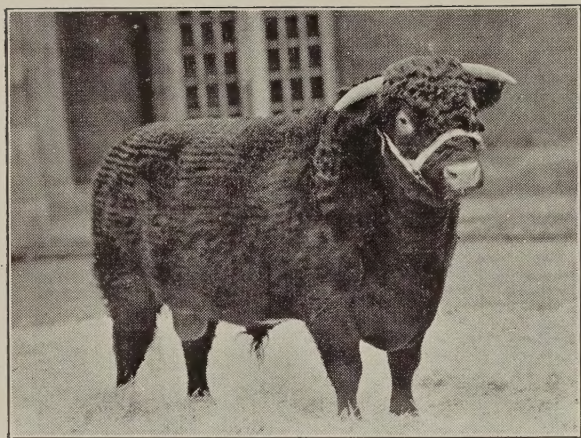

## FOREWORD

---

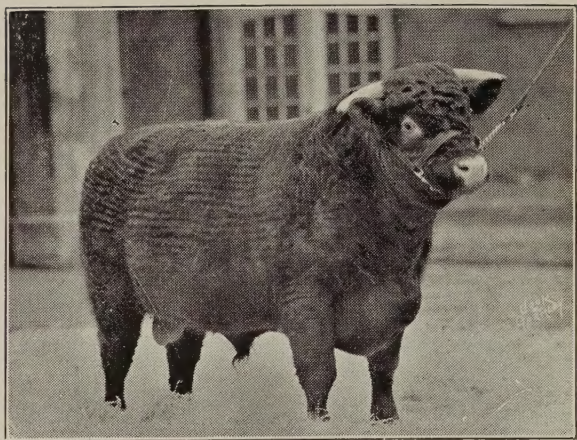

**D**UE to the untimely death of Lu Green, Jr., it becomes necessary to completely disperse this herd—one of the oldest in Illinois. Although Shorthorn cattle have been a part of the working program of this farm for over a third of a century, the owner felt that the herd had reached its strongest position at the time of his death. Those who are familiar with the conduct of the herd during this period realize that the most prepotent blood was introduced through excellent stock bulls. At the present time the greatest sire in the history of the herd is in service—Roble Masterstroke 1843921—and this bull is to be sold along with a liberal number of his get. That he is one of the top breeding bulls of the country will be plainly evident to those who inspect his calves on sale day.

With liberal supplies of feed everywhere, this is a time when all corn belt farmers can give consideration to the program of increasing the number of producing units on their farms. No farm investment has ever been found that can compare, in point of quick dividends, to the purchase of richly bred Scotch cows with calves at foot or cows that are close to calving. In this sale there are a dozen grand cows with calves at foot by Roble Masterstroke and an even larger number of cows and heifers that are right up to calving to his service. The females in this herd are of rich ancestry, they are prolific producers and are offered in their working clothes. Dispersion sales always provide opportunities for far sighted buyers. This dispersion sale provides unusual buying opportunities.—Hal Longley of The Shorthorn World.

**ROBLE LEADER 2d 1785076.** Sire, Princeton Leader 1763344. Dam, Kenwood Missie 1680217. Grand champion of all of the principal California shows in 1934, grand champion of the Pacific International, Portland, in 1936 and second in class to the grand champion at the International at Chicago, 1936.

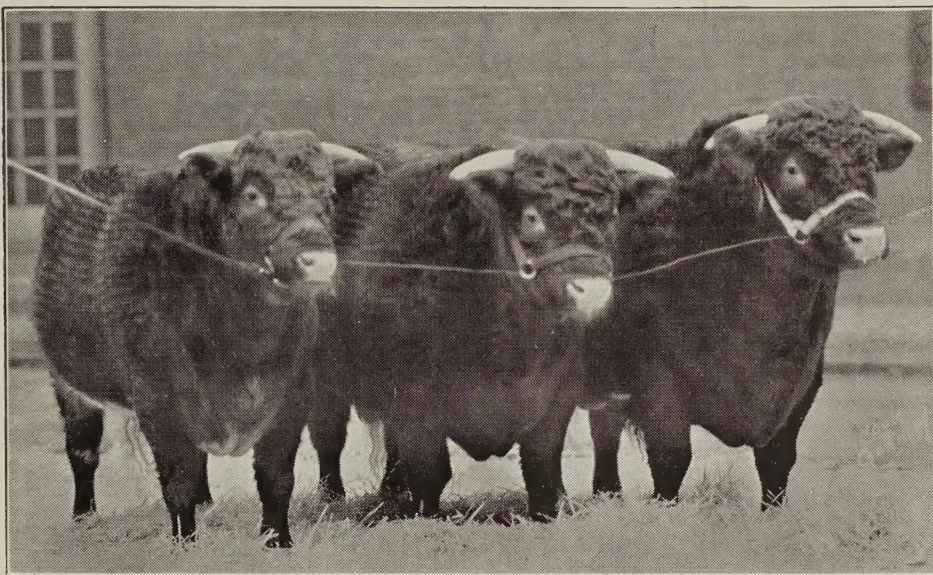

**ROBLE ARCHER 1794986.** Sire, Princeton Leader 1763344. Dam, Cluny's Delight 1280562. Won first prize in the senior yearling class at the International, Chicago, 1936. Both bulls shown on this page are half brothers to Roble Masterstroke, selling in this sale.

**I**N the sale of **Roble Masterstroke** is represented one of the greatest herd bull opportunities of the year. The late Lu Green Jr. bought him at the 1936 International Live Stock Show where he was exhibited along with the most sensational group of bulls that has appeared in an American show ring in many years. This group, the productions of the famous Los Robles Herd, Santa Rosa, California, and all sired by their noted stock bull Princeton Leader, swept the boards clean in the bull group classes at that show. All of them were dark reds or dark roans,—beautiful colors. All of them were short legged, deep bodied and compact with plenty of bone and substance. All of them had excellent heads and deep, strong quarters. There was a family resemblance among the sons of Princeton Leader so marked that every visitor at that International show was loud in his admiration of the bull that was capable of siring them. Before arriving at this show two of his sons had won both championships at the Pacific International. At the Chicago International his sons won first prizes in both the two bull and three bull classes. Princeton Leader had clearly won the title of the “Leading Sire of Bulls of the Year.”

Roble Masterstroke, produced from the mating of a Princeton Leader with a daughter of the famous Imp. Collynie Clipper Crest, was one of the group that attracted such wide attention at that show. He had not been fitted as highly as his half brothers,

(Left to right) **ROBLE MAJOR 1820417**, **ROBLE ARCHER 1794986** and **ROBLE LEADER 1785076**, all sired by Princeton Leader 1763344. Winners of first prize in the class for three bulls owned by exhibitor, at the International, Chicago, 1936. Roble Major and Roble Archer won first prize in the class for two bulls, yearlings or under, bred and owned by exhibitor at the same show and Roble Major won the junior champion of the Pacific International in 1936. Roble Masterstroke, selling in this sale, closely resembles his half brothers in type, color and character.

but many who inspected them felt that he showed the greatest promise of any bull in that string in spite of his lack of conditioning. Mr. Green saw the possibilities in this great senior calf and bought him. Those who have had the privilege of seeing him in his present two year old form all agree that he has developed into a grand bull,—short legged, deep, thick, with good bone and a strong head. More than this,—some twenty-five of his calves that will be in evidence on sale day will supply positive proof that he has the greatest powers of prepotency. His calves, if fitted for show, are the type that would win and 90% of them are red with the balance roan.

Only a dispersion sale could make possible his purchase. So great was his appreciation of a successful sire that Lu Green would have kept this bull for the entire period of his life. Roble Masterstroke will be sold in this auction. He represents a blood combination that is as strong as can be found and yet distinctly a new line for Corn Belt herds. His calves are here in numbers to prove his worth and yet he has an entire life of usefulness ahead of him. This bull will make history. Who will be the fortunate new owner on November 7th?

# Terms and Conditions

---

This sale will start promptly at 12:30 P. M. Lunch will be served on the farm by the ladies of the church.

**LOCATION**—The sale will be held at the farm on Monday, November 7, 1938 beginning at 12:30 P. M. The Lu Green farm is located 3 miles from the town of Indianola, Ill. and 15 miles southwest of Danville, Ill. This is easily accessible to all prospective buyers from the Central States. All weather roads in every direction.

**TERMS**—The terms of the sale are cash unless other arrangements are made in advance. Settlements are to be made with the clerk of the sale immediately at the conclusion of the auction. All stock will be at buyers risk as soon as bid off but we will attend to loading on cars or trucks in compliance with instructions from purchasers.

**GUARANTEE**—Every animal in this sale has been tested for both tuberculosis and Bangs' Disease during the thirty days prior to the date of the sale. Health certificates will be supplied that will enable these cattle to be shipped to any state and comply with the health requirements of any herd. Every animal in this sale is healthy, most of the cows have calves at foot and all other mature females give ample evidence of being in calf. Due to the fact that this is a complete dispersion for the purpose of settling an estate, the cattle will be sold just as they are, with no further guarantees. The owners have maintained this herd for many years on this same farm and it is known to be a thoroughly reliable group of cattle. The cattle are in useful flesh condition and any known defects will be pointed out on sale day.

Neither the individual designated as Sale Manager nor the clerk of the sale assumes any liability whatever, legal or otherwise in connection with this sale.

A certificate of registry and a signed transfer will be furnished for each lot sold and an application for registry will be furnished for each calf sold at foot and for each unborn calf sold in dam.

Where footnotes appear in this catalog, they were furnished by the owners or written from information supplied by the owner.

We will not be responsible for accidents which may occur but we will do everything possible to provide for the comfort and safety of those who attend.

**MAIL BIDS**—Those wishing to buy at this sale who cannot be present may send their bids to the Sale Manager Hal Longley of The Shorthorn World, J. F. Richards of the Drovers Journal or to the auctioneers.
